# September 2017

## DESIGN ZONE

September 2 through December 31

What does it take to create a video game, line up rhythms like the best DJs, or design a roller coaster that produces the biggest thrills? In *DESIGN ZONE*, go behind the scenes and see how creative problem solvers use math to do amazing things. *DESIGN ZONE* explores mathematical concepts like patterns, variables, scale, slope, and ratios used by artists, architects, engineers, musicians, and other innovators. **Members** ... get a first look at the new exhibit on Saturday, Sept 2 from 10 am to Noon. Enjoy light refreshments and a special craft.

*DESIGN ZONE* was produced and is toured by the Oregon Museum of Science and Industry. This exhibit was made possible by a National Science Foundation (NSF) grant.

## Homeschool/Small Group Day

Tuesday, September 5, 1 pm

We're kicking off our school-year programming for home-educated students and small groups with a special "Habitat Helpers" class for K-7th graders. Tour Kaleideum North's outdoor campus where you'll meet the resident animals and learn about their specific habitats and the interdependence of plants and other animals within those habitats. Discover the role humans play in the health of an ecosystem – what positive things to do and what negative things to avoid to be good stewards of the environment. Pre-registration is required, and group rates apply. Limited to 20 students. Register online at [north.kaleideum.org/education/small-groups-and-home-schoolers](http://north.kaleideum.org/education/small-groups-and-home-schoolers).

## Science Café

Tuesday, September 12, 7 pm

Reynolda Gardens

Learn about the latest groundbreaking research in these free informal programs co-sponsored by Kaleideum and Reynolda Gardens. Light refreshments provided. CEU credits available. Visit [kaleideum.org](http://kaleideum.org) for speaker and program description.

## Saturn Day

Friday, September 15, 10 am-1 pm

Discover the wonders of Saturn – its rings, moons, and more! Enjoy interactive demonstrations and special planetarium shows as we celebrate the Cassini spacecraft's mission and its final plunge – TODAY – into Saturn! Included with museum admission. Groups must pre-register.

## Animal Extravaganza

Sunday, September 17, 1-5 pm

Uncover secrets about Kaleideum North's resident animals and other critters with live animal encounters, games, crafts, and special guests. Included with admission and free for members.

## Stargazing

Saturday, September 23, 7:30-10:30 pm

Join the Planetarium staff and Forsyth Astronomical Society for a FREE astronomy observation in the Kaleideum North parking lot using professional telescopes. In case of bad weather, call (336) 767-6730 after 5 pm for an update.

## Weekend Planetarium Shows

Saturdays beginning at 11 am  
and Sundays beginning at 2 pm  
Visit [www.kaleideum.org](http://www.kaleideum.org) for shows and times.

400 W Hanes Mill Rd • Winston-Salem, NC 27105
